Frequently Asked Questions 常见问题

3. At what age should I send my child to study in Singapore?

Singapore schools welcome overseas students at any age, starting from as young as 3 years old. However, do note that some schools require at least a parent to stay with a child who is below 14 years old. Those above 14 can stay in an approved dormitory or with an approved guardian.

According to Singapore's Immigration & Checkpoints Authority (ICA), either the mother or grandmother of the child may apply Long-Term Visit Pass (LTVP) to accompany the child who is studying in an approved school.

3. 我应该在什么年龄送孩子去新加坡上学?

新加坡学校欢迎任何年龄的海外学生，从3岁开始。然而，请注意，一些学校要求至少有一位家长与14岁以下的孩子住在一起。14岁以上的人可以住在经批准的宿舍或有经批准的监护人。

根据新加坡移民和检查站管理局（ICA），孩子的母亲或祖母都可以申请长期访问通行证（LTVP）陪伴在核准学校学习的孩子。

Frequently Asked Questions 常见问题

4. **My child has special needs disability, can you help?**

Yes. We believe in the need for inclusivity in special needs education. Not only do we provide education pathways for aspiring scholars, we work with schools that provide a range of innovative programmes to assist children with special needs and learning difficulties. We also work with schools providing education to those who are handicapped, blind and deaf.

For these students, we are mindful of the need for a safe and secure learning environment as well as the additional assistance that they may need. We provide caregivers and assistive tech which will ensure that your child will receive the best learning outcome.
